

SpringLoc Clamp

Instantly attaches to side rail quickly & smoothly

The newly designed SpringLoc Clamp locks patient positioning devices and surgical equipment with a flat mounting post anywhere along an operating table side rail.

Features

- Securely locks accessories with a flat 1" x ¼" (2.5cm x .6 cm) mounting post
- Attaches easily to the operating table side rail without the need of table notches
- SpringLoc Clamp is easily removed without the need for a release lever
- 800 lb. (363 kg) patient weight capacity
